

92. The computer program product of Claim 91, further comprising:

machine executable code for representing a selection of said portion of said selected metafile using coordinates defining a rectangular-like shape;

machine executable code for comparing each command of the selected metafile to the coordinates, wherein said each command is included in the new metafile if said each command is one of: has no associated coordinates and produces display information within a shape formed by the coordinates; and

machine executable code for modifying said each command to be constrained within said coordinates if said each command produces display information that is both inside and outside the shape formed by the coordinates.

REMARKS

Favorable consideration and allowance are earnestly solicited. Should there be any questions after reviewing this paper, the Examiner is invited to contact the undersigned at 617-951-6661.

Respectfully submitted,
HUTCHINS, WHEELER & DITTMAR
